REPEAT

In its full form, the base dance for competition purposes evolved into a 128-count, phrased line dance, with a choreographed intro, a finale, plus variations and enhancements for competition. In order to satisfy the many

requests we have received from dancers of all levels who wish to learn the steps, we have decided to release two versions. The first (this one), is a 64-count, intermediate dance called "Get A Thrill". Since the song by Wylie and the Wild West has a uniform structure, you still hit all the breaks as originally choreographed. The second version, called "Get Another Thrill" is the complete 128-count dance, that fits perfectly to the music. A separate step sheet is available for this version. "I Still Get A Thrill" is fast, so you are advised to use two, progressive, learning tracks before tackling the real thing.
