FINISH: This dance finishes on count 64. You will be facing the front at count 62.
Instead of doing the 1/2 turn at count 63, simply step back on L and touch R beside L.

I had never heard this song before and found it by accident while looking for something else. It appealed to me immediately and I hope you like it too. Although the dance is intermediate level, I don't think it is too hard for the average line dancer, so have a go and see what you think.

See you on the floor sometime.... Jan
