The last wall of the dance starts facing the side wall, 3 o'clock

Dance up to step 12 but exclude the 1/2 turn and just waltz straight back

You will be facing the front - Step fwd on L and slide R to left

This is basically an easy little dance but the diagonals do increase the difficulty !Wouldn't it be lovely to REALLY dance with an angel!

I guess we all might get that opportunity at some stage!

The dance was written for Phyllis... hope you it is what you were looking for .

See you on the floor sometime.... Jan
