### [48] Start the dance in the new direction

The music slows down on wall 7 it starts facing back you will be facing the front when it slows down count section(13 - 24) so just slow down with it (step fwd, tap side, waltz fwd x2 - Slowly Cross over) counts 1 on section (25 - 36) then it comes back in.

Do a slow unwind on counts section (25 - 36) on \*4 5 6 then hold a count then continue on with the dance.

The dance will finish at the end of section (25 - 36) do the cross and do a 3/4 unwind counts \*4 5 6 Then sweep the R ft around to the back & hold looking down to Left

I was asked to choreograph a waltz for the Fairlie Line Dance Group for their 10th Anniversary Social. They wanted a dance level that they all could manage. It flows nicely & I hope you enjoy it.
