## Dedication:

Line Dance is not just dancing, Line Dance is a way of living:

To Wanda, dear friend far away, celebrating 10th birthday of Silver Star Wanda'ers,

To Kerstin, going with me through ups and downs

To Edel, dancing with me Line Dance since 1,2,3...years and loving voice and songs of Don Williams as much as I do

Take every pleasure you can get, life is too short for anything else!!!

Having more fun with this: split your LD group in two parts, both parts start opposite way, group one with shuffle ¼ turn left twice, second group with shuffle ¼ turn right twice.

Or start all together same way for one whole round, split second round, come together next round etc. At the end face up same direction.

Let's dance & be happy
