The little girl sings in Romanian which is loosely translated as follows :

One night with Costica (a little monkey)
Me with a bottle, he with a bottle
We water the flowers in the window
The rest that is left in the bottle
We pour to the cat

I don't know what the flowers are feeling
But the cat has started singing
And we sing with it...

Hop-pa Zunea-Zunea
Hop-pa everybody
The whole world is enchanted
With the talented cat

So that the fishes don't stay quiet
I've poured them a little also
Only the ducks in the yard
Are silent. And stay silent

Hop-pa cause it's good
Hop-pa it's not a joke
Till the morning
Everybody is singing only Zunea-Zunea!

Have fun!
