The little girl sings in Romanian which is loosely translated as follows :

One night with Costica (a little monkey) Me with a bottle, he with a bottle We water the flowers in the window The rest that is left in the bottle We pour to the cat

I don't know what the flowers are feeling But the cat has started singing And we sing with it...

Hop-pa Zunea-Zunea Hop-pa everybody The whole world is enchanted With the talented cat

So that the fishes don't stay quiet I've poured them a little also Only the ducks in the yard Are silent. And stay silent

Hop-pa cause it's good Hop-pa it's not a joke Till the morning Everybody is singing only Zunea-Zunea!

Have fun!
