**\*\*For styling, whenever you tap you toe behind the other foot, push both arms back behind your hips and whenever you tap your heel across the other foot, roll your hands in front of your torso. You can do this during the first 16 counts and also during the last 8! When you Shoop to the corner, bend both elbows @90 degrees and swing your arms forward & back for counts 1-4. For fun, shimmy shoulders when stepping back for counts 5-8. Most important, have fun & enjoy!!!**
