**That's it! Nice and easy for beginners. I hope you like it. The hardest part for beginners is the second part, the Modified walk back. It will help them learn the holds in the counts. All I ask is that you do not alter routine without my permission. If you have any questions, please contact me and I will help you if I can.

**If you don't like this song, here is a few others you can try, or any 32 count song with no Tags will go with it.**

**Jerusalema By: Master KG**

**Alone with you By: Y.V.E.**

**Ride it By: Regard**

**Blown' Smoke By: Teddy Swim**

**Cry to Me By: Dirty Dancing High School**

**I Like You By: Post Malone**

**I hope this helps you. Never let a good routine past you by just because you don't like the song. Mix them up a little. Each time you hear a song with no tags, make a file of them, then you can put them to anything. Once they memorize the steps, they can learn to listen to the beat and head for the dance floor to do their routine.**
