Big finger snapping hand movements for counts 2-6 [18-22]:

Snap fingers down low on both sides on count 2, to the sides, Chest high on count 4

And up above your head and opening your hands on count 6,

Like your throwing magic dust around ☐ (Bring hands back in between the snaps)

Lower your hands slowly to the sides with open palms during counts 7-8.

Tone down the big hand movements during instrumental breaks on walls 1, 10 and 11 (after the second restart) and just snap fingers down low.
