5&6 Kick right forward, cross right over left, point left

7&8 Kick left forward, cross left over right, touch right behind left

Unless preparing for tag - then touch beside the left

REPEAT

4 COUNT TAG

1 Step forward and at a left diagonal with right

You should now be even with the person that was across from you

Touch left foot out to the sideCross left foot over right

4 unwind ½ turn. End with weight on left, ready to start the dance over

You should now be facing the person across from you but you have switched sides of the floor

8 COUNT TAG

Repeat the 4 count tag twice. This will put you opposite the person across from you on 4, and back to your original position on 8

When performing this dance to "I wouldn't want to be you", you will dance 2 walls, then a 4 count tag, 2 more walls, then the 8 count tag, then 1 wall, the 4 count tag, then dance the remainder without tags. When doing this to other songs, designate a 'caller' on the floor who will designate which tag will be done and everyone follows his or her lead!
