**TAG**

For Paul Overstreet only "Daddy's Come Around", the step sequence works out as a 2 wall dance. But after the third wall there is an instrumental break. Dance the fourth wall up to count 48 replacing the heel flick with a stomp, then restart the/dance from the beginning. This will turn the dance to the side walls, making it a 4 wall dance. At the very end of the dance, after the coaster cross (Counts 1-3) finish by scuffing right foot /forward and turning a ¼ left to face the front. For any other track, omit the restart, the dance will be 2 wall only. But the phrasing won't be correct as the dance is Music "Daddy's Come Around"
