Due to the phrasing of the music, add the B Section after completing Section A twice. Section B is done only once in the dance. Therefore after the "B" section, continue with "A" sections to the end of the music.

There are pauses at the end of a sequence, just listen to the music.

On final time of starting dance sequence "A" the artist sings "8,9,10, Mississippi". It really slows down and at this point it stops, so just hold with weight on left. Then the artist starts to sing "I'M HOME" at normal speed on the word home continue dance for 4 more beats.
