REPEAT

The steps are taken from the actual video for the song (the chorus) and I have adapted them slightly to make a line dance. Start the dance as soon as the beats come in with - with "love" from "summer of love". The dance will then end with the left rock forward, before the cha, cha, cha (count 17). If you start at the right count, the second time the chorus comes up the dance will start with it as it is in the video
