

# To Have You Back Again

COPPER KNOB  
BY STEPHEN

拍数: 64      墙数: 2      级数: Intermediate  
编舞者: Illona Kloeckner (NL)  
音乐: To Have You Back Again - Patty Loveless

- 1-2            Rock to right on right, replace weight onto left  
&3-4        Cross over left on right, step to left on left, cross over left on right  
5-6        Slow rock with hips sway to left on left over 2 counts  
&            Replace weight onto right and turn  $\frac{1}{2}$  left  
7-8        Slow rock with hips sway to left on left over 2 counts  
**Steps 9&10, 11&12 are  $\frac{1}{2}$  and  $\frac{3}{4}$  turn "twinkle" pattern steps**  
9&10        Cross over left on right, step to left on left & commence to turn right, complete  $\frac{1}{2}$  right turn and step to right on right  
11&12       Cross over right on left, step to right on right & commence to turn left, complete  $\frac{3}{4}$  left turn and step forward on left  
13-14       Slow rock forward on right over 2 counts (incline body forward and up for better styling)  
&            Replace weight onto left  
15-16       Long step back on right, drag towards right with left toes  
  
17-18       Step forward on left, lock behind left with right  
19&20       Step forward on left, lock behind left with right, step forward on left  
21-22       Step forward on right, pivot turn  $\frac{3}{4}$  left  
23-24       Long step to right on right, drag towards right with left toes  
  
25-26&      Cross rock over right on left, replace weight onto right, step beside right on left  
27-28&      Cross rock over left on right, replace weight onto left, step beside left on right  
29&30       Cross over right on left, step to right on right, cross behind right on left  
31-32       Long step to right on right, drag and touch beside right with left toes (spread arms gradually to both sides over this 2 counts)  
**Curve steps 33 to 36 such that it travels and completes a full circular loop to left with left turning**  
33&34       Step forward on left, lock behind left with right, step forward on left  
35-36       Step forward on right, step forward on left  
**Curve steps 37 to 40 such that it travels and completes a full circular loop to right with right turning**  
37&38       Step forward on right, lock behind right with left, step forward on right  
39-40       Step forward on left, step forward on right  
**In general, steps 33 to 40 will travel and complete an Infinity symbol (toppled down figure '8') pattern.**  
  
41-42       Step forward on left, tap behind left with right toes  
&43-44       Step back on right, cross over right on left, step back on right  
45-46&      Turn  $\frac{1}{2}$  left and step forward on left, lock behind left with right, step forward on left  
47-48       Step right forward, pivot turn  $\frac{1}{2}$  left  
  
49-50       Step forward on right, turn  $\frac{1}{2}$  right and step back on left  
51&52       Step back on right, step beside right on left, step forward on right  
53-54       Step forward on left, hold  
&55-56       Step beside left on right, step forward on left turning  $\frac{1}{4}$  right, cross touch over left with right toes  
  
57-58&      Sweep from front to back of left with right toes, tap behind left twice with right toes  
59&60       Step behind left with right, step to left on left, cross over left on right  
61-62       Rock to left on left, replace weight onto right

&63-64          Cross over right on left, step to right on right, cross over right on left

**REPEAT**

**TAG**

**At the end of the 2nd, 4th repetition (both facing 6:00 wall) and 5th repetition (facing 3:00 wall), add the 8-count tag accordingly and restart dance from count 1 facing 12:00 wall**

1-2-3-4          Rock to right on right, replace weight onto left, cross over left on right, hold

5&6              Rock to left on left, replace weight onto right, cross over right on left

7                 Step forward on right

8                 When dance at the end of 2nd and 4th repetition, pivot turn  $\frac{1}{2}$  left; and when dance at the end of 5th repetition, pivot turn  $\frac{1}{4}$  left

---
