

# Where I Belong 2000 (Back In Baby's Arms)

**COPPER** KNOB  
STEPSHEETS

拍数: 32                      墙数: 2                      级数: contra dance  
编舞者: Steve Lustgraaf (USA)  
音乐: Back In Baby's Arms - Patsy Cline

Choreographed for Dance Roundup '99 at Mystic Lake Casino, Prior Lake MN

This dance is done in 2 opposing lines -- guys on one side, gals on the other. Start the dance facing your partner, about one step away. Line up so your partner is to your right across from you. The lines cross, so you need to be able to go through the other line

## **SIDE, BEHIND, KICK BALL CROSS, SIDE, STEP FORWARD, STEP PIVOT**

- 1-2                      Step side left with left, right behind in fifth position
- 3&4                     Kick left forward, step back onto ball of left foot, cross right in front of left (kick, ball, cross)
- 5-6                     Step left to left side, then step forward on right (this requires you to bring right foot close to the left before stepping forward)
- 7-8                     Step forward left, then pivot ½ turn right, weight ending on right
- 9-16                    Repeat steps 1-8

## **STEP AROUND**

- 17-24                   Eight steps forward starting with the left
- The idea here is to hook your partner's right elbow in yours and walk around 1 ½ times to the right so you end up on the opposite side you started from

## **SHUFFLE ROCK, SIDE ROCK, POINT, TOUCH**

- 25&26                   Side shuffle to the left, starting with left
- 27-28                   Right behind, replace weight to left (rock step)
- 29-30                   Side rock with right, replace weight to left
- &31-32                   Place right next to left, point left to left side, touch left next to right

## **REPEAT**

## **12-COUNT INSTRUMENTAL SECTION**

Done after third time through the dance (second chorus). This is only done one time. Leave it out if using another song

- 1&2-3-4                   Shuffle left, right rock behind
- 5&6-7-8                   Shuffle right, left rock behind
- 9-10                     Step forward left, pivot ½ turn right
- 11-12                    Step forward left, pivot ½ turn right
