## ALTERNATE STEPS

End the dance with the 2 syncopated weaves to the 1st, 3rd and 5th walls (which is every time you start the dance to the front wall); end the dance with the 2 vines with a touch to the even walls (every time you start the dance at the back wall). In other words, you will alternate (every other time) with the syncopated weave first and then the vines. You can end the dance to the front wall by continuing to do hip rolls into a ¼ turn left to face the front and keep doing the hip rolls left & right to the front wall as the music fades
