You will need to add a 16 count tag during the instrumental in the song (end of the 4th rotation) to keep the dance phrased properly. You get a vocal cue from Shania who says "yeah" just before you add the following 16 counts:

**YEAH! 16 COUNT INTERLUDE**

- 1-2 Step right foot forward, step left foot forward

15&16 Cross step left foot behind right, step right foot to right side, step left foot slightly forward

**OPTIONAL BREAKS:**

Note that the following steps are optional. If you want to dance through the breaks, feel free

The phrasing of the song is:

Verse (break), Chorus (with a break inside)

Verse (break), Chorus (with a break inside)

Instrumental

Verse (break), Chorus repeated with no breaks until the end

If you want the dance to fit the breaks in the music, you will need to make slight variations in the steps. Each verse ends with a break on the last 8 counts of the dance (counts 49-56) with Shania talking. To hit the break replace steps 49-56 with:

**HOLD! GIMME A BREAK! #1**

- &49 Hop right foot forward, step left foot together  
50-56 Hold with weight on left foot. Shania will be talking. For fun, yell along with her  
1st time she says "okay, so you're a rocket scientist" (facing right side wall)  
2nd time she says "okay, so you're Brad Pitt" (facing left side wall)  
3rd time she says "okay so you've got a car" (facing right side wall)

Then restart the dance from the beginning right after she says the words "That Don't". You will start on the word "impress"

During the choruses there is another break you may want to hit which comes right after the touch turn left on counts 37-40. You would normally do the right cross rock & right coaster step back at this point, but you can substitute:

**GIMME A BREAK! #2**

- 37-40 Stomp right foot forward, hold with weight on left foot

Then continue the dance with count 41
