RESTART #1

After 2 complete repetitions (you will be facing back wall) do only the first 16 counts and restart (you will still be facing the back wall)

TAG

After 1 more complete repetition (you will be facing 9:00 wall) there is a 4 count tag -

1-2 Step right foot forward, step left beside right
3-4 Step right foot backward, step left beside right

RESTART #2

After 2 more complete repetitions (you will be facing 3:00 wall) there is another restart. This time you do 24 counts of the dance before restarting, but it is necessary to hold for count 24 and not push hips to the right. This way you will have your weight on your left foot ready to restart facing 9:00 wall.
