BY STEPHENETS

拍数: 32                      墙数: 4                      级数: Intermediate

**Dance starts (after long intro) when the 'Spanish' horns come in (46 seconds). Weight on the left foot.**

Choreographers note:- The 'accent?', within the choreographed music changes on the 3rd wall (for one wall) ? so don't worry.. your timing isn't out. See the note about the 'restart' at the bottom of the script.

And because of this restart, it is suggested that this dance is more suited for experienced beginners who have recently moved into the Advanced Beginner level.

Always remember - 'The beat may reach your feet - but the rhythm should electrify your soul'.

**Restart:**                      **This will occur on count 16 of the 6th wall - facing 6:00.**  
This would also be the normal 'end of wall position' (count 32) if there was no restart.  
As an added bonus - the music will stop for counts 13-16.- so you can't really miss it.

**The dance will finish on count 32 of the 10th wall (6:00). To end facing 12:00, simply 'triple step' a full turn.**

Other suggested music: Ring of fire (110 bpm) by Kimber Clayton ? no 'restart' required
