

4&5&6      Rock R to side (4), recover on L (&), cross R over left (5), step L together (&), cross R over left (6),  
&7&8&      Step L together (&), step R over left (7), step L together (&), rock R across left (8), recover on L (&)

**Note: You will be travelling L at the end of the dance and will need to go R to start again, so keep the last 4 counts small and put your brakes on with the rock step. Have fun! ?**
