19&20 Grapevine to the left: step left, cross right behind, step left
21,22,23,24 Sway right, Sway left, Sway right, $\frac{1}{4}$ turn to the right while hitching the right foot back (keeping weight on left foot)
- 25&26 Triple step forward (right, left, right)
27,28 Step forward with left, Recover right
29&30 $1\frac{1}{2}$ spin turning 540 degrees to the left (left, right, left)
31&32 Plant both feet a foot apart from each other and hop 3 times, crossing feet on the second hop, then uncrossing feet on the 3rd hop.

Edit: On the 7th wall, where the music drops out, the last musical phrase is curtailed to 7 counts instead of 8 (Thank you very much, Band Perry!)

So we took advantage of it and made an awesome edit: When you reach step 31, make a one-count stomp with both feet, using the previous $1\frac{1}{2}$ turn to leap into it. Make it loud! Then go directly to the top of the dance.
