Step option for last set: at the end of the 2nd [6] and 5th [9] repetitions, there's a hard break in the music. You might try hitting that break by modifying the K step slightly (this takes a little practice, and remember that it's an option so you don't have to do it)

Step forward R, touch L home, step back, opening body to R diagonal 5&6

&7 Stomp R to side, squaring to wall, stomp L

HOLD 88

Optional finish to the front wall—the last repetition starts facing [3]. Do the first 4 counts as written, ending on your R with the coaster. Then do this:

5&6& Rock forward onto L, recover weight to R; rock L to side, recover weight to R

7&8 Sweep L into turning sailor ¼ L — ta dah!

*Note to instructors: these are exactly the same steps as my dance Make It Right, which I released last week. The only difference is that this step sheet is counted at 80 BPM using syncopated steps instead of 180 BPM using straight counts with holds.
