Tips :

★ The first pattern of ABAC is done with both A's starting at 12:00.

★ The second pattern of ABAC is done with both A's starting at 6:00.

★ The AB Restart pattern starts facing 12:00 during the "break" in the music, which is mostly instrumental. The break is mellow so make your dancing match the lower energy of the song. As the music builds keep dancing until the restart. You might be tempted to restart early so dance through to count 10 of B (facing 12:00) then start with the full pivot left of part A.
