General choreographer note: the dance is fast, take small steps!!

*** There is No Intro, the dance starts immediately. To simplify, either skip the first count and start from the sailor step, your weight needs to be on Rf (count 1), or, perhaps even easier, start on the first hitch (count 4), weight should then be on your Lf.**

**** Restart: After section 4 on walls 3 and 5 (facing 6 o'clock both times)**

Ending: On the last wall, dance the entire first section (8&), then turn $\frac{1}{4}$ left, stepping down on Rf
