The 32 count dance begins after 16 counts of the hard beat. (Hard beat begins at 35 secs.
Dance begins at 46 secs.)

**Optional Intro Choreography:

Section 1: V step with arms

He sings "Ky---rie" - you step R to right diagonal and lift your R arm -step L to left diagonal and lift your L arm -return R foot and bring R arm across chest -return L foot and bring L arm across chest

Section 2: ¼ turn left step touches with arms

He sings "Elei---son" - you step R to right turning ¼ turn left (9:00) and slowly rotating your R arm clockwise in front of your body, all the way extended up, and back to your side as you bring your L foot in to touch R -step L to left and slowly rotating your L arm anti-clockwise in front of your body, all the way extended up, and back to your side as you touch your R foot to L

Section 3: ½ pivot turn left -Step R forward and pivot ½ left (3:00) - bring R foot to L, ready to start sequence again

**You will do the above sequence 4 times, rotating clockwise. The music starts with keyboard that sounds like birds, then there's a heavy chord, like a bell. That's your cue to execute each of the first 3 rotations. By the time you get to the last rotation, the beat has kicked in and you can use the natural beat of the music to complete the last rotation. That will put you at the front wall in time for ...5, 6, 7, 8! You can't really count this, just go with the flow and feel it!
