**IMPORTANT NOTES** The Official music seems to be available everywhere from what we can tell, but in certain countries there are copyright issues related to using the music in a YouTube video. For instance in the US there seems to be NO problem using the official music and making a YouTube video. This is not true everywhere. The main music we are using works well with youTube everywhere.

**We do suggest using the official music to perform and learn the dance, but both music versions are identical as far as the dance is concerned. The official music only has a 32 count intro and ends 32 counts sooner. Here is the sequence for the OFFICIAL MUSIC - : A,B-,A,B,A,A,B,A,TAG,A,B,A,A-,B,A,A,B,B,B**
