*2. In the case of restart after section 2, on the next count(1) you just finished a three step turn and face 12:00, you want to make a right turn and step LF forward on count 2, and follow the step instruction onward.

*3. In the case of restart after section 1, you find yourself on LF on count 1 facing 3:00, you want to hitch RF and rock backwards on count 2, and step RF forward on count 3, and follow the step instructions onward.

Enjoy the dance!
