& 3-4        Step right next to left, rock left foot forward, recover weight back to right foot

&7&8        Hook right across left, step right across left, step left to side, step right across left

## SIDE ROCK STEP, STEP TOGETHER, SIDE ROCK STEP, A WEAVE TURNING A FULL TURN TO RIGHT, STEP FORWARD

& 3-4        Step left next to right, step right to side, recover weight back to left foot  
5&            Step right behind left and turn ¼ to right, step left to side

7&            Step right behind left and turn ¼ to right, step left to side  
8             Step right forward and turn ¼ to right (thus completing the full turn to right)

**\*Option: If it is too much to handle, you can replace the 5-8 section (weave) with regular, non-turning syncopated sailor steps (with the additional right step forward on count 8). So it would go as:**

5&6            Step right behind left, step left next to right, step right to diagonal  
&7&            Step left behind right, step right next to left, step left to diagonal  
8             Step right forward

## WIZARD OF OZ'S, ¼ RIGHT TURNING PIVOT WITH A HOOK, CROSS SHUFFLE

1-2&        Step left to left diagonal, lock right behind left, step left to left diagonal  
3-4&        Step right to right diagonal, lock left behind right, step right to right diagonal  
5-6&        Step left forward, turn ¼ to right, hook left foot in front of right  
7&8        Step left across right, step right to side, step left across right

## STEPS FORWARD, WEAVE TRAVELLING BACKWARDS

1-2            Step right to right diagonal, slide left next to right  
3-4            Step left to left diagonal, STEP right next to left (weight ends up on right)  
5&            Step left over right, step right back  
6&            Step left back, step right over left  
7&8            Step left back, step right back, step left over right

**Note: On count 8 don't step left over right too tightly because you'll be starting the dance again with the right foot.**
