5-8                      Back L, close R, forward L, turn ¼ L(\*) and scuff;

(\*) As a mixer, don't do the ¼ turn !

As a mixer, we start in a double facing circle, men on the inside. (Partners facing each other)  
Both partners do exactly the same steps, so both partners start with the right foot !  
The only difference with the line dance is that we don't do the quarter turn to the left  
after the second coasterstep (\*) (section 4, count 8).  
The change of partner happens at the vine 3 in section 4 count 1-4, fully automatic.  
There is no contact with the partner, so can be done well in this Corona time.

There are 2 versions of the music,

1                      shortened with 8 times the dance (8 walls) : <https://youtu.be/ccSeGtL3W8E>  
and a longer one, 13 times the dance for the mixer: <https://youtu.be/7YyV0QGynJ4>
