### Add Tag at end of Wall 5:

Tag: 1-4 Bend knees rolling hips left, back, right and front

NOTE 1: The music sounds like it is ending on Wall 7....don't pause - just keep dancing, or fade out!  
Because this dance is written for beginners, I am not restarting 2 times as I normally would, but instead I am dancing thru, adding an easy tag after Wall 5.

NOTE 2: However, if you want to dance the harder version with the tag (in different location) and  
\*\*2 Restarts:

Wall 5 - dance S1 thru S4 and restart;

Wall 6 - dance S1 thru S2, add the tag, then restart
