**Please watch the video of us dancing this dance! It is meant to be danced BIG ☐ so over-emphasize all of your movements and have a great time!!**

**This dance is a combination of steps found in the Kane Brown video and some of my contributions to make the dance flow. Check out the music video and I think you'll be able to see these steps as they do them! I teach at country bars in Central FL so I wanted an easier dance that reflected what the dancers were doing in his video so here it is and I hope you have fun dancing it!**
