At 2:25 in the music, complete first 12 counts of dance, then with right crossed over left, slowly pivot on the balls of your feet ¾ turn to the left. Look up and touch the tips of your fingers above your head. At 2:38 in the music, keep looking up as you bring your arms slowly down, making a big circle with your hands until you touch your fingertips together at the bottom of the circle.

Use your arms to express yourself throughout the dance. Add your own style and have fun!!
