- 8                    then R kick across body with flexed toe and shoulders in a contra position (optional hands on hips/belt loops for "country"-styling) (8) [12:00]

**\*\*\*NOTE: The fast footwork goes with the guitar and the kick goes with the lyrical sound effect "unh." The tag takes place at the end of the first chorus on wall 4 (facing 9:00).**

**After the first 4 counts of doing the R-Lindy, you will do the tag footwork which will return you to face the front, 12:00.**

**End of the Dance: The same music you hear for Tag 2 will be played at the end of the song. Dance to the modified Lindy to unwind and then run in place to kick facing 12:00 (similar to Tag 2).**
