REPEAT

TAG

After nine repeats, (you'll be facing 3:00 wall) you'll have done as far as count 24, the song stops. You can either (a) end the dance right there, or (b) stand tapping your toe and snapping your fingers for 18 beats (you have to imagine them in your head as there's no music going on!) So basically count two sets of 8, then 1,2, and start the dance from the beginning
