## VINE, CROSS TURN

- 1-2-3                      Cross left over right and step, step side right, cross left behind right and step.  
4-5-6                      Step side right, turn  $\frac{1}{2}$ -turn on right foot to right and point left to side, hold for one count. (this can also be done as a 2-count sweeping turn to the right after step right)

## VINE, CROSS TURN

- 1-2-3                      Cross left over right and step, step side right, cross left behind right and step.  
4-5-6                      Step side right, turn  $\frac{1}{2}$ -turn on right foot to right and point left to side, hold for one count. (this can also be done as a 2-count sweeping turn to the right after step right)

## STEP HOLD, STEP ROCK STEP

- 1-2-3                      Step across in front with left and hold 2 counts, but let body weight travel. (for optional styling, over the 3 counts slowly sweep left arm expressively across body and then up)  
4-5-6                      Step side right, rock left behind right, replace weight right.

## STEP ROCK STEP, DEVELOPE'

- 1-2-3                      Step side left, rock right behind left, replace weight left.  
4-5-6                      Step side right and develop left foot up and out facing a left diagonal. (variation for men: step side right, touch left toe beside right, hold)

## VINES

- 1-2-3                      Step side left, cross back right, step side left with  $\frac{1}{4}$ -turn left  
4-5-6                      Step side right with  $\frac{1}{4}$ -turn left, cross back left, step side right

## LUNGE LEFT SLIP PIVOT, LUNGE LEFT & TAP

- 1-2-3                      Step across in front with left foot over right in a lunging motion (optional styling: extend right arm in front and left arm behind). As you start to replace weight on the right foot, pull to the right with your right shoulder in a twisting motion to turn you to the right as you replace the weight on the right. Tap left foot together beside right. You have done a  $\frac{1}{2}$ -turn right now facing front.  
4-5-6                      Step across in front with left foot over right in a lunging motion (optional styling: extend right arm in front and left arm behind). Replace weight on right, and turning body to the left tap left foot together.

## STEP FIGURE 4 SWIVEL. STEP FIGURE 4 SWIVEL

- 1-2-3                      Step side left facing a left diagonal with your foot turned to left, bring right knee up in figure 4 across in front. Swivel right knee to right.  
4-5-6                      Step side right facing a right diagonal with your foot turned to right. Bring left knee up in figure 4 across in front. Swivel left knee to left.

## SECTION 8: TURN LEFT, RIGHT BOX TURN

- 1-2-3                      Step side left with foot turned left making a  $\frac{1}{4}$ -turn. Turn a full turn on next 2 steps with right and left.  
4-5-6                      You are now facing a  $\frac{1}{4}$ -turn to the left from your original front. You will turn a  $\frac{1}{2}$ -turn to your right during this pattern. Step directly forward with right foot. Step back on a diagonal with the left turning  $\frac{1}{4}$ -turn right. Finish with a  $\frac{1}{4}$ -turn to right stepping on right foot.

**REPEAT**

The dance will finish at measure 8 (when danced to the original music). On the final wall, everyone should dance the men's variation, ending in a position of respect.

**ADVANCED VARIATION FOR SECTION 5**

**SYNCOPATED VINE, SYNCOPATED VINE TURNING**

1-2&3 Step side left, cross back right - side left - cross front right.

4-5&6 Step side left, cross back right - side left turning a ½-turn to the left and - side right facing back wall.
