32	Step left to left and distribute weight onto both feet

# "OIL-SLICK" STEPS, JUMP-TURN, HOLD

33	Slide right forward and left backwards
34	Slide left forward and right backwards
35	Slide right forward and left backwards
36	Slide left forward and right backwards
37	Jump both feet together with 1/4 turn to right

# 38 Hold (weight placed on left)

# **REPEAT**

Oil-slick steps are best done on slippery-floors as the feet are not intended to be raised off the floor during the sliding. If you cannot slide easily try these steps:

33	Hitch left and scooting forward on right
&	Set left down and transfer weight
34	Hitch right and scooting backward on left
&	Set right down and transfer weight
35	Hitch left and scooting forward on right
&	Set left down and transfer weight
36	Hitch right and scooting backward on left
