**REPEAT**

This dance is phrased to match the specified music and track-the Stent Radio Mix (2:53 min). With minor variations in the sequence it should fit all mixes of the song. There is ample opportunity in this dance for dancers to add "attitude", spin turns and other embellishments.

In Samba rhythm the "&" beat is half as long as a normal "&" beat, and is usually written as an "a" beat. That convention has been omitted for simplicity.
