## **TAG 2**

### **After wall 5**

1-4 Do whatever you want for 4 counts. Body rolls, bumps, whatever.

## **ENDING**

The correct version of the song lasts about 3:52. Start dancing 32 counts after the heavy beat kicks in (around 0:35). You will finish with a big stomp forward on count 17 of wall 9.

You could start 32 counts earlier, as soon as the heavy beat starts at time 0:17. In that case, adjust tags accordingly.
