**TAG**

The main dance is 68 counts. This will always be danced facing the front wall (the "good" wall). The fun begins on the back wall (the "bad" wall) where you will never dance 68 counts. But it's easy, so here goes: The first time you face the back wall, dance only through count 32 (the Monterey turn), then do the "Downtown 8" as follows:

**"DOWNTOWN" 8 (49-56): ½ RIGHT MONTEREY TURN, RIGHT JAZZ BOX**

- 1-2 Touch right toes to right side, step right foot together while turning ½ right on left foot
- 3-4 Touch left toes to left side, step left foot together
- 5-6 Cross-step right foot over left foot, step left foot back
- 7-8 Step right foot to right side, step left foot together

You will be facing the front wall. Now start the dance again from the beginning the rest of the time when you face the back wall, dance just 64 counts, omitting the last 4 counts (the two rock steps), then begin the dance again from the start.

The pattern will look like this: 68, 32 downtown 8, 68, 64, 68, 64, 18 (the end). For a big finish, turn ¼ right on count 17 as you rock back (to face front wall)
