## ARM STYLING

In the first paragraph on counts 6-7 raise arms up and click (snap) your fingers on 6 while turning ½ left. Lower arms on count 7 while stepping left in place. Click fingers. Then in the second paragraph on counts 8&1 move your right hand extended out to your left side reached out across chest, with palm facing up from your left side out to your-right side. In the third paragraph, moving forward side together with your feet on counts 4&5, add a clap with arms extended out in front on count 5. While changing weight open hands, right hand out to right side and left hand out to left side on count 6, then clap hands up above your head on count 7. Open hands and move them apart slowly downward on each ones own side to hip level while changing weight on counts 8&1. Remember lower hands only at hip level.
