STYLING

On counts 1-3, do not lift lead foot off the floor and keep your head slightly lowered (remember your first date?, thinking of what to say, who would make the first move, but as the dance progresses so does your confidence- and it shows, till in the end...sheer bliss)

For those of you who feel in a passionate mood, you don't have to 'pretend kiss'. But please, get permission of your dance partner first.
