Walt Robins has submitted the following as an alternate arrangement. Similar, but different.

**Position:** Line up in 4 rows, 1 behind the other with 2 to 6 across in each row, same number of people in each row. It also works if 1 or 2 rows vary by 1 person

## WALKS, FORWARD & BACK

- 1-4      Forward right, forward left, forward right, kick forward left  
5-8      Back left, back right, back left, back tap right  
9-16      Repeat 1-8

## GRAPEVINE RIGHT & LEFT

- 17-20      Side right, cross left behind right, side right, tap together left  
21-24      Side left, cross right behind left, side left, together right

## TAPS & SWIVELS

- 25-28      Forward left, tap together right, back right, tap together left  
29-32      Turn both heels right, return, turn both heels left, return

## HEEL/TOE TAPS

- 33-36      Tap right heel forward twice, tap right toe back twice  
37-40      Tap right heel forward, tap right toe back, tap right toe to right, together right

The front row then splits to right & left & walk to rear & then reform in 16 counts. The other 3 rows walk forward in 8 counts & repeats counts 9-16. Then every one repeat counts 17-40. Then everyone repeats the first 2 sentences of this paragraph. Continue to end of music
