1&2&3&4 Cross R, back L, heel R, back L, cross L, back R, heel L 5.6.7&8 Step L to L side, hold, hips bumps R x2 (must finish with weight on L)

Restarts: There's two restarts during this dance, and they happen in the same place facing the same wall.

Restart One: happens on the 2nd wall. Dance up to count 48. Restart facing the front wall after the ¼ turn.

Restart Two: happens on the 4th wall in the same place. Once you finish each restart, you should be facing the front wall.

Option: Instead of making a step 1/4 turn after the dorothies, you may chose to do a body roll to the front, as long as you step together at the end so you are on the right foot. While making a body roll, don't forget to still add the ¼ turn R.
