Note: You can make this Section a little harder by adding an extra TOUCH after the ones already present, but make these TOUCHES about half way between where your first TOUCHES are and where you are about to STEP.

These extra TOUCHES could also be used to start making the TURNS.

If you add all four extra TOUCHES the Count would be 1&2, 3&4, 5&6, 7&8.

You don't have to add all four, if you don't want to though.
