Styling: Option to style the pivots more counts 1 - 4 – as you step forward on right circle hips counter clockwise – continue hip circle and instead of just recovering weight to left at end of pivot cross left foot slightly over right as you turn (continue with hip circle) repeat.

TAG: 4th wall starts facing back - at end of 4th wall you will be facing front

1, 2, 3, 4 You have a 4 count tag with options: either just hold for 4 counts (boring), you could shake your butt or shoulders for 4 counts, or bump hips left, right, left right.

Just make sure that at the end of 4 counts weight is on the right foot so you can start again with left. 12.00
