back to upright position keeping weight mainly on left

&5-6 Small step right next to left, walk forward left, walk forward right 7-8 Touch/tap left foot forward twice keeping weight back on right

Styling: On counts 1-4, your arms will be waist-height in front of you, bent at the elbows, fingers completely straightened and palms facing inward towards each other about shoulder-width apart.

As you do the knee/body pops, your arms should stay locked in this position and "follow" your knee and body rotations so it essentially looks like a robot or a puppet on a string.
