

4&5&6 Rock R to side (4), recover on L (&), cross R over left (5), step L together (&), cross R over left (6),
&7&8& Step L together (&), step R over left (7), step L together (&), rock R across left (8), recover on L (&)

Note: You will be travelling L at the end of the dance and will need to go R to start again, so keep the last 4 counts small and put your brakes on with the rock step. Have fun! ?
